## ABOUT

---

My name is Marcos Paulo, and I currently work as a QA Lead at dti digital, assigned to the ADI Global Distribution project, where I lead a team of Quality Analysts. I also apply my expertise in automated testing projects, test case creation, performance testing, manual testing, business complexity analysis, test case coverage analysis, implementation of pipelines for functional testing, and other testing modalities such as mobile testing, front-end testing, and API testing.

## PROFESSIONAL EXPERIENCE

---

**dti digital**  
*QA Lead*

**Minas Gerais, Brazil**  
*05/2024 – Up to date*

- Worked on API development and Back-end integration as a DTI consultant at Localiza Locadora de Veículos;
- Currently a dti consultant working as a Quality Analyst for the American company ADI Global Distribution, in the position of QA Lead, leading a team of QAs, applying mobile front-end testing and automated testing;

## COLLEGE
